HEALING SOUNDS: *The Power of Harmonics,*

by **Jonathan Goldman** <https://www.healingsounds.com>

This book expresses the scientific and spiritual viewpoints about how to use the transformative power of sound for healing on physical, emotional, mental, and spiritual levels. The Mystery Schools of Egypt, Greece, and Rome understood that vibration is the fundamental active force in the Universe, and they developed specific chants and tones for healing the mind, body, and spirit, and achieving altered states of consciousness. This is an innovative work in the field of sound healing and vibrational medicine, which explains how to perform these vocal harmonics and experience their transformative and curative powers.

UN-VAXXED – A DOCU-COMMENTARY FOR ROBERT DI NIRO

<http://www.healthyworldstore.com/product-p/un-vaxxed-dvd.htm>

An unparalleled production by award-winning author, filmmaker and health science expert, Dr. Leonard G. Horowitz, who contributes more than the "discussion" actor Robert De Niro sought to start by screening the controversial film VAXXED at the 2016 Tribeca Film Festival in New York. De Niro, whose son, like millions of other children who became vaccine-injured, came under fire from both sides of the vaccination safety debate after "pulling" VAXXED from the event. "Filmmakers" and agents pressured the Hollywood celebrity to

cancel VAXXED by producer Del Bigtree and director Andrew Wakefield. De Niro later pledged to investigate who caused the censorship, and why. UN-VAXXED vets those secrets, along with the agents and agencies commissioned to influence De Niro, public opinion, CDC policies, the U.S. Congress, health science and medicine using the media to shape society's beliefs and attitudes towards vaccinations. **WATCH the Trailer [HERE](#).**

Book Review by Sally Fallon

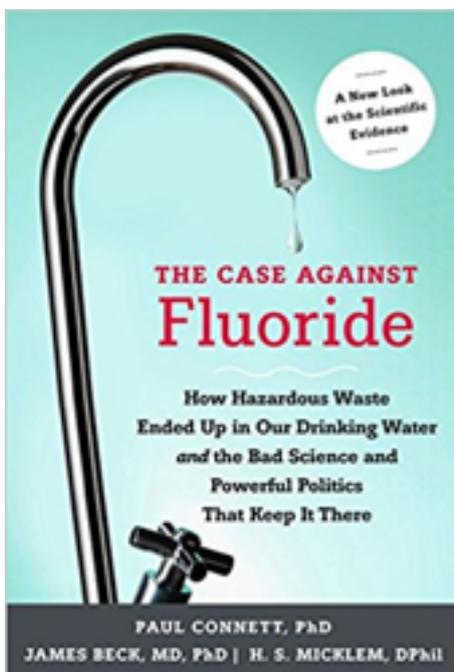

<https://www.westonaprice.org/uncategorized/physical/>

About the Author

Dr. Price was a Cleveland dentist, who has been called the Charles Darwin of Nutrition. Searching for the causes of dental decay and physical degeneration he observed daily in his dental practice, he turned from test tubes and microscopes to study people with fine teeth; the isolated

primitives. Thus, he embarked on a ten year study, which took him all around the world. His findings and photos are invaluable.

Truly one of the best nutrition classics of all time! A reading must!
